

USE OF GCAS / DAC CERTIFICATION MARK

1.1 INTRODUCTION

- 1.1.1 Your certification is a valuable asset to you as it demonstrates your achievement and continued commitment to conduct your business in a thoroughly professional and consistent manner.
- 1.1.2 GCAS strongly recommends that you promote this achievement to the full extent through the use of the GCAS Certification Marks (It carries both GCAS & DAC Logos) on your Brochures, Company vehicles, stationery etc.
- 1.1.3 GCAS Accreditation Body, namely DAC requires GCAS to ensure that their certified Clients use the GCAS Certification Mark in accordance with International and in some cases National Criteria.
- 1.1.4 These Criteria ensure that the Marks are not used in such a manner that may cause confusion or be misleading to the organizations and individuals that purchase goods and services from certified companies.
- 1.1.5 Where the word "Certification Marks" is used in this document, it also covers the certificate, reports and other associated documentation which must not be used in a misleading manner or bring GCAS into disrepute. Any promotion of the management system must be clear, as it is not acceptable to imply that it is the product that is certified.
- 1.1.6 These guidelines have been developed to ensure that the rules for use of Certification Marks are communicated to all our Clients and allow GCAS Clients to take full advantage of using the GCAS Certification Marks without breaching the accreditation rules imposed on GCAS.
- 1.1.7 We trust that it answers any possible questions that you may have. However, if you require more assistance, your GCAS office will be delighted to assist you further, in this regard.
